

§ 426.4

43 CFR, Subtitle B, Ch. I (10-1-06 Edition)

(v) The district(s) shall retain the forms; and

(vi) If the irrevocable election is disapproved, the landholder and the district will be advised by letter along with the reasons for disapproval.

(3) A landholder that only holds land indirectly in a district that has conformed to the discretionary provisions, other than a nonresident alien or a legal entity not established under State or Federal law, may make an irrevocable election also by simply submitting certification forms to all districts where the landholder holds land subject to the acreage limitation provisions. An election made in this manner is binding in all districts in which such elector holds land.

(g) *District reliance on irrevocable election form information.* The district is entitled to rely on the information contained in the irrevocable election form. The district does not need to make an independent investigation of the information.

(h) *Time limits for amendments or elections to conform to the discretionary provisions.* Reclamation will allow at any time a landholder to elect or a district to amend its contract to conform to the discretionary provisions. An irrevocable election that was made after April 12, 1987, but on or before May 13, 1987, shall be considered effective as of April 12, 1987.

§ 426.4 Attribution of land.

(a) *Prohibition on increasing acreage limitation entitlements.* Except as specifically provided in these rules, a landholder cannot increase acreage limitation entitlements or eligibility by acquiring or holding a beneficial interest in a legal entity. Similarly, the acreage limitation status of an individual or legal entity that holds or has acquired a beneficial interest in another legal entity will not be permitted to enlarge the latter legal entity's acreage limitation entitlements or eligibility.

(b) *Attribution of owned land.* For purposes of determining acreage to be counted against acreage limitation entitlements, acreage will be attributed to all:

(1) Direct landowners in proportion to the direct beneficial interest the landowners own in the land; and

(2) Indirect landowners in proportion to the indirect beneficial interest they own in the land.

(c) *Attribution of leased land.* Leased land will be attributed to the direct and indirect landowners as well as to the direct and indirect lessees in the same manner as described in paragraphs (b) and (d) of this section.

(d) *Attribution of land held through intermediate entities.* If land is held by a direct landholder and a series of indirect landholders, Reclamation will attribute that land to the acreage limitation entitlements of the direct landholder and each indirect landholder in proportion to each landholder's beneficial interest in the entity that directly holds the land.

(e) *Leasebacks.* Any land a landholder directly or indirectly owns and that is directly or indirectly leased back will only count once against that particular landholder's nonfull-cost entitlement.

(f) *Effect on an entity of attribution to part owners.* For purposes of determining eligibility, the entire landholding will be attributed to all the direct and indirect landholders. If the interests in a legal entity are:

(1) Undivided, then all of the indirect part owners must be eligible in order for the entity to be eligible; or

(2) Divided, in such a manner that specific parcels are attributable to each indirect landholder, then the entity may qualify for eligibility on those portions of the landholding not attributable to any part owner who is ineligible.

§ 426.5 Ownership entitlement.

(a) *General.* Except as provided in §§ 426.12 and 426.14, all nonexempt land directly or indirectly owned by a landholder counts against that landholder's ownership entitlement. In addition, land owned or controlled by a public entity that is leased to another party counts against the lessee's ownership entitlement, as specified in § 426.10.

(b) *Qualified recipient ownership entitlement.* A qualified recipient is entitled to receive irrigation water on a maximum of 960 acres of owned nonexempt land, or the Class 1 equivalent thereof.
